TO USE AS A MEAL MIXER

Kiwi Kitchens Canned Dog Food is an easy, convenient way to turbo boost your dog's protein and nutrient requirements for ultimate health. We recommend a mix of 1/4 Kiwi Kitchens with 3/4 of the current food. Remember to reduce the calorie amount of your current food to avoid overfeeding.

NB: The Canned Salmon Dinner is recommended for supplementary feeding. Salmon is naturally high in Vitamin D. Since our Dinners are 93% from the primary protein source (in this case Salmon) it is possible that a dog fed solely Kiwi Kitchens Salmon Dinner could exceed recommended intakes for Vitamin D.
